## RESPONSE AND PETITION FOR RECONSIDERATION UNDER 37 C.F.R. 1.378(e)

Sir:

In response to the Decision in Response to a Petition Under 37 C.F.R. 1.378(c) ("Petition Decision") mailed February 18, 2011, Patentee responds and submits a properly signed petition for reconsideration under 37 C.F.R. 1.378(e) as requested in the Petition Decision for the above-identified patent as follows:

Remarks begin on page 2 of this paper.

04/18/2011 DALLEN 00000007 501349 6181583 01 FC:1462 400.00 DA U.S. Patent No. 6,181,853 Response and Petition dated April 6, 2011 In response to Petition Decision dated February 18, 2011

#### REMARKS

Patentee appreciates the Examiner's careful review of the petition as detailed in the Petition Decision mailed February 18, 2011 (the "Petition Decision"). The Petition Decision DISMISSED Patentee's petition under 37 C.F.R. 1.378(c) to accept the delayed payment of a maintenance fee in the above-identified patent. Patentee respectfully requests reconsideration of this decision under 37 C.F.R. 1.378(e). Patentee's petition was dismissed because the petition was not signed by an attorney or agent of record, the patentee, or the assignee or other party in interest as established by 37 C.F.R. 3.73(b).

Patentee has attached a corrected petition to accept the unintentionally delayed payment of a maintenance fee under 37 C.F.R. 1.378(c), properly signed by an attorney of record registered to practice before the Patent and Trademark Office. The attached petition now includes a properly signed statement of unintentional delay.

Pursuant to this properly signed petition for reconsideration under 37 C.F.R. 1.378(e) and the attached properly signed petition for unintentionally delayed payment of maintenance fee under 37 C.F.R. 1.378(c), Patentee respectfully requests that the petitions and the unintentionally delayed payments of the maintenance fee be accepted.

The Petition Decision indicated that any petition for reconsideration must be accompanied by a petition fee of \$400 as set forth in 37 C.F.R. 1.17(f) and also by the items indicated as lacking (properly signed petition under 37 C.F.R. 1.378(c)). This petition for reconsideration is accompanied by a payment of the petition fee and a properly signed petition under 37 C.F.R. 1.378(c) is attached.

Patentee is not submitting the maintenance fee with this petition, because this maintenance fee was paid earlier in the petition under 37 C.F.R. 1.378(c) filed January 28, 2011. The surcharge fee required by 37 C.F.R. 1.20(i)(2) was also paid in the earlier January 28, 2011 petition. However, to the extent that any required fees were not paid in connection with the January 28, 2011 petition, the Director is authorized to charge any maintenance fee, surcharge or petition deficiency to Deposit Account No. 501349.

U.S. Patent No. 6,181,853 Response and Petition dated April 6, 2011 In response to Petition Decision dated February 18, 2011

### **CONCLUSION**

In view of the foregoing, an acceptance of the unintentionally delayed payment of a maintenance fee is respectfully requested.

In the event that an appropriate fee amount is not enclosed by check for any fees due in connection with the filing of this Response or requisite extensions of time, please charge any deficiencies or credit any overpayments to Deposit Account No. 50-1349.

Finally, the Examiner is invited to contact the undersigned by telephone to discuss any matters that the Examiner feels may expedite the progress of the present application toward allowance.

Respectfully submitted,

**HOGAN LOVELLS US LLP**

As to any overpayment made please  Credit to Deposit Account No.  Send refund check  WARNING:  Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identify theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an Issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.  8. STATEMENT  The delay in payment of the maintenance fee to this patent was unintentional.

### **Privacy Act Statement**

The Privacy Act of 1974 (P.L. 93-579) requires that you be given certain information in connection with your submission of the attached form related to a patent application or patent. Accordingly, pursuant to the requirements of the Act, please be advised that: (1) the general authority for the collection of this information is 35 U.S.C. 2(b)(2); (2) furnishing of the information solicited is voluntary; and (3) the principal purpose for which the information is used by the U.S. Patent and Trademark Office is to process and/or examine your submission related to a patent application or patent. If you do not furnish the requested information, the U.S. Patent and Trademark Office may not be able to process and/or examine your submission, which may result in termination of proceedings or abandonment of the application or expiration of the patent.

The information provided by you in this form will be subject to the following routine uses:

- The information on this form will be treated confidentially to the extent allowed under the
  Freedom of Information Act (5 U.S.C. 552) and the Privacy Act (5 U.S.C 552a). Records from
  this system of records may be disclosed to the Department of Justice to determine whether
  disclosure of these records is required by the Freedom of Information Act.
- 2. A record from this system of records may be disclosed, as a routine use, in the course of presenting evidence to a court, magistrate, or administrative tribunal, including disclosures to opposing counsel in the course of settlement negotiations.
- 3. A record in this system of records may be disclosed, as a routine use, to a Member of Congress submitting a request involving an individual, to whom the record pertains, when the individual has requested assistance from the Member with respect to the subject matter of the record.
- 4. A record in this system of records may be disclosed, as a routine use, to a contractor of the Agency having need for the information in order to perform a contract. Recipients of information shall be required to comply with the requirements of the Privacy Act of 1974, as amended, pursuant to 5 U.S.C. 552a(m).
- 5. A record related to an International Application filed under the Patent Cooperation Treaty in this system of records may be disclosed, as a routine use, to the International Bureau of the World Intellectual Property Organization, pursuant to the Patent Cooperation Treaty.
- 6. A record in this system of records may be disclosed, as a routine use, to another federal agency for purposes of National Security review (35 U.S.C. 181) and for review pursuant to the Atomic Energy Act (42 U.S.C. 218(c)).
- 7. A record from this system of records may be disclosed, as a routine use, to the Administrator, General Services, or his/her designee, during an inspection of records conducted by GSA as part of that agency's responsibility to recommend improvements in records management practices and programs, under authority of 44 U.S.C. 2904 and 2906. Such disclosure shall be made in accordance with the GSA regulations governing inspection of records for this purpose, and any other relevant (i.e., GSA or Commerce) directive. Such disclosure shall not be used to make determinations about individuals.
- 8. A record from this system of records may be disclosed, as a routine use, to the public after either publication of the application pursuant to 35 U.S.C. 122(b) or issuance of a patent pursuant to 35 U.S.C. 151. Further, a record may be disclosed, subject to the limitations of 37 CFR 1.14, as a routine use, to the public if the record was filed in an application which became abandoned or in which the proceedings were terminated and which application is referenced by either a published application, an application open to public inspection or an issued patent.
- A record from this system of records may be disclosed, as a routine use, to a Federal, State, or local law enforcement agency, if the USPTO becomes aware of a violation or potential violation of law or regulation.
